

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Mapping MC3 and PCAWG sample identifiers

File Name: Supplementary Data 2

Description: Filter criteria for variant filter flags

File Name: Supplementary Data 3

Description: TCGA subtype selection preferences to WGS sequencing

File Name: Supplementary Data 4

Description: Misannotated variants between WES and WGS

File Name: Supplementary Data 5

Description: Mutation spectrum comparison by cancer

File Name: Supplementary Data 6

Description: WGS specific cancer mutations
